## Testimonials

Turner Signs and Embroidery has been supplying us with a range of products for nearly five years, even as our business grows and our needs change, they are able to fill orders quickly and professionally. From shirts and hats with embroidered logos to magnets with printed fleet IDs for mine spec vehicles and machinery, they do it all.

**Will & Lisa Childs at WTC Earthmoving**

The team at Turner Signs have been assisting the Cotton Research and Development Corporation (CRDC) with our print needs for several years. Dean and the team are experienced, professional and obliging. We aim to support local businesses within our cotton growing communities as often as possible – and as such, we are pleased to have a strong working relationship with the Turners team.

**Ruth Redfern, Communications Manager, CRDC**

Turner Signs are a great local business who have supplied high quality goods for our company. Everyone is so friendly and helpful, the entire team is so committed to their jobs and go the extra mile when helping us piece together the products we need to help our business grow.

SAFETY SIGN INFORMATION

- 1
- Standard safety signs and colour codes are used to warn of risks to your health and safety and to regulate your actions.
- 2
- Chemical at your place of work (factory, farm, vehicle) must be labelled to give you hazard information, and let you know the health effects and safety precautions to take.
- 3
- Hazchem signs are used to let you know where hazardous chemicals are stored and give information about how to handle the dangerous goods in an emergency.
- 4
- Fire protection equipment at your workplace must be clearly identified, kept clear of obstructions and all staff trained in its use.

DANGEROUS GOODS IDENTIFICATION

WHATEVER THE SIGN, IT MUST BE CLEARLY VISIBLE, CORRECTLY SITED AND NOT FADED OR DAMAGED

### Multicam Router

Our Multicam Router allows us to give the customer more options when it comes to signage. It can create large format engraving, on heavy duty for many indoor and outdoor uses. It cuts through a greater thickness at higher speeds with an excellent finish.

**We can use the router on such materials as:**

Acrylic  
Brass  
Stainless Steel  
Aluminium  
Traffolyte / Plastic  
Stencils  
Most types of wood

### Our Printer

**We use the Roland Printer for wide format digital prints on materials such as:**

Avery Vinyl . Aslan . Digital media . Chemica . 3m Reflective Vinyl

**Servicing the North West Region  
Turner Signs now services
